Keith, I'm trying to think of something original and inspirational to say! I got to know you better this year! (I know that sounds corny!) Don't forget all the good times we'll have to the beach in the middle of the night again sometime! I'm very sorry for attacking you at Dr. Deans. Oh well and this time you guys are gonna have to make us a picture of it. We're gonna have to have another picnic on the bright side at least they didn't get a lunch. There are a lot of other things I remember but I have enough tact not to write them in your annual! Well I have a great summer and when you come back you can be even a bigger Touch than ever. Take care and keep in Touch we should do something this summer. Love, Bucky

P.S. Sorry I didn't end up writing something original and inspirational.

Keith Brittin

Hey Keith - (You Bum, You!)

What a year! Well, it definitely wasn't the best of years, but we all got through it OK. It was pretty cool in Joe's class, and Mrs. Donnelly's, too, even though you guys always were casing on me. Hey, it's cool. I'm not gonna hate you for it, you lousy, rotten piece of shit! Just kidding. Well, have a hot summer. Maybe we'll see each other at the beach or play over-the-line, or get buzzed, or something. Who knows? Well, have a fried lice.

Midget,

Jim Lewis → Jim Lewis

P.S. - Stay fried, you stoner, you!

This is an actual signature of mine. Save it, 'cause someday it might be valuable. Later!

Crawford High School, along with all of San Diego, approaches the end of the 1970s and is beginning to look toward the 1980s with enthusiasm and excitement. Many of us have been together for over a decade. We have watched each other grow over the years and change and become unique individuals.

Crawford High's athletics met every challenge with success in both girls and boys sports. These students made us proud to be the Crawford Colts.

Nineteen seventy-nine has been a good year for our school, centered in the middle of a growing city. We were introduced

to a new magnet program in the area of Business and Office Management, designed to attract students from all over San Diego to Crawford for voluntary integration. However, not all students were involved in the magnet program. Dedicated teachers prepared them for colleges throughout the country.

This year the ASB tried something new for Homecoming, the class floats. This new idea brought more students into the spirit of Homecoming. Each class designed and decorated a float that pertained to the theme "Great Inventions." This activity was enjoyed by all, and we hope it will become one of many Crawford High School traditions.

In spite of Proposition 13, the Colts went through registration with little worry about cuts in programs and classes. There were still special activities, a football team, counselors to help program classes, and a pep squad to boost Colt spirit.

ASB Got Ideas Off The Ground

There is a small group of highly capable students who are in charge of just about every facet of student life. This group, better known as the A.S.B. Cabinet, was under the leadership of President Dana Harris. Along with the guidance of the A.S.B. Advisor, Ms. Castleberry (who was welcomed to the Cabinet and to Crawford in mid-October), the individual members and the cabinet as a whole accomplished a great deal during the entire year. Not only did they plan activities and work to improve student life at Crawford, they raised Colt spirit by encouraging student involvement.

A Special Week

Homecoming, a favorite tradition, was scheduled during the week of October second through the sixth. This was a week that could best be described as a combination of hard work, fun and, oftentimes, mass chaos. As seniors, juniors and sophomores feverishly assembled their floats, former pep squads sharpened up their routines. The bands practiced while the Auroras made final preparations for the Donut Dunk'em. As the week progressed, the hectic pace turned to anticipation and excitement for Friday's events.

Clearly the most important event of any Homecoming is the Game. It is, in essence, the King and Queen, the former pep squads, the floats and the actual game itself. More importantly, however, it is seeing the results of months of planning and preparation and sharing the laughter and tears with Colts old and new.

Kept Colts Busy Year 'Round

Photo by: Greg Kwik

For every event that went on at Crawford, there was sure to be a story behind it. Whether it be practicing for a game or studying for a classroom presentation, the action that went on behind the scenes more often than not proved to be an event in itself. The Colts found that planning and preparation were essential to producing a well organized activity. The results of such preparation were evidenced in the high quality of the finished product.

The ASB Staffers In Action

The A.S.B. Staff members are those students who provide much of the muscle work during the fourth period student government class. Their main job is to assist in carrying out the functions of the A.S.B. While none of these students are elected to their positions, they are a select group in that they demonstrate a dedication to the A.S.B. and are willing to put in some of their valuable time for the benefit of all the Colts.

What one person is capable of bringing out the saddest, the funniest and the wildest in people? The Hip Hypnotist himself, Dr. Dean! His November show, sponsored by the senior class, brought a full house to the auditorium to participate in an outrageously funny evening of hypnotic experiences. Although Dr. Dean stressed that hypnotism should be used for educational purposes only, his show proved more entertaining than educating as students cried, laughed, sang and danced their way through the evening.

Play Productions Got

"Look Homeward Angel," a Pulitzer Prize winning drama, was presented by the Play Productions class in December after a difficult job of casting and several weeks of rehearsal. The play takes place in 1910 at a boarding house in a small town in North Carolina. The boarding house, called Dixieland, is run by the Gant family. Mrs. Eliza Gant (Heidi Wilbur) is a stern, business minded woman who drives her family to destruction. Mr. Gant (Craig Patty) runs a stone cutting shop and frequently comes home drunk. Two of their sons and one daughter live at home and all have been affected by the pressures of the mother.

The youngest son (Fred Venz) finds love in a young girl boarding at Dixieland. (played by both Wendy Cheek and Pauline Lepor.) After the girl runs out on him, he departs from home, leaving a shattered family and disillusioned dreams behind.

1 Lunch —

A perfect time for getting little trivial things done is lunch. Morning is too early to know what things need to be done during the day and, by afternoon, everyone is too tired to think about getting those things done. Whether it is talking to friends, last minute cramming for fifth period tests, going to assorted club meetings, or getting tickets for an athletic competition or dance. People always find time to do those things during lunch. After all, who ever thought lunch was a time to just sit back, relax, and enjoy a nutritious mid-day snack?!

To serious participants, Science Fair projects are better known as 'monuments of pride,' the result of sleepless nights and endless toil. Students conduct research projects as extensions of current science studies. Many students continue their projects from the previous year. This year, 34 projects were selected to enter the Greater San Diego Science and Engineering Fair which celebrated their silver anniversary. For all students the real reward was the satisfaction of building a research project from "scratch" and appreciating the finished product.

The Crawford Science Fair winners were the following:

Colts Displayed Talent

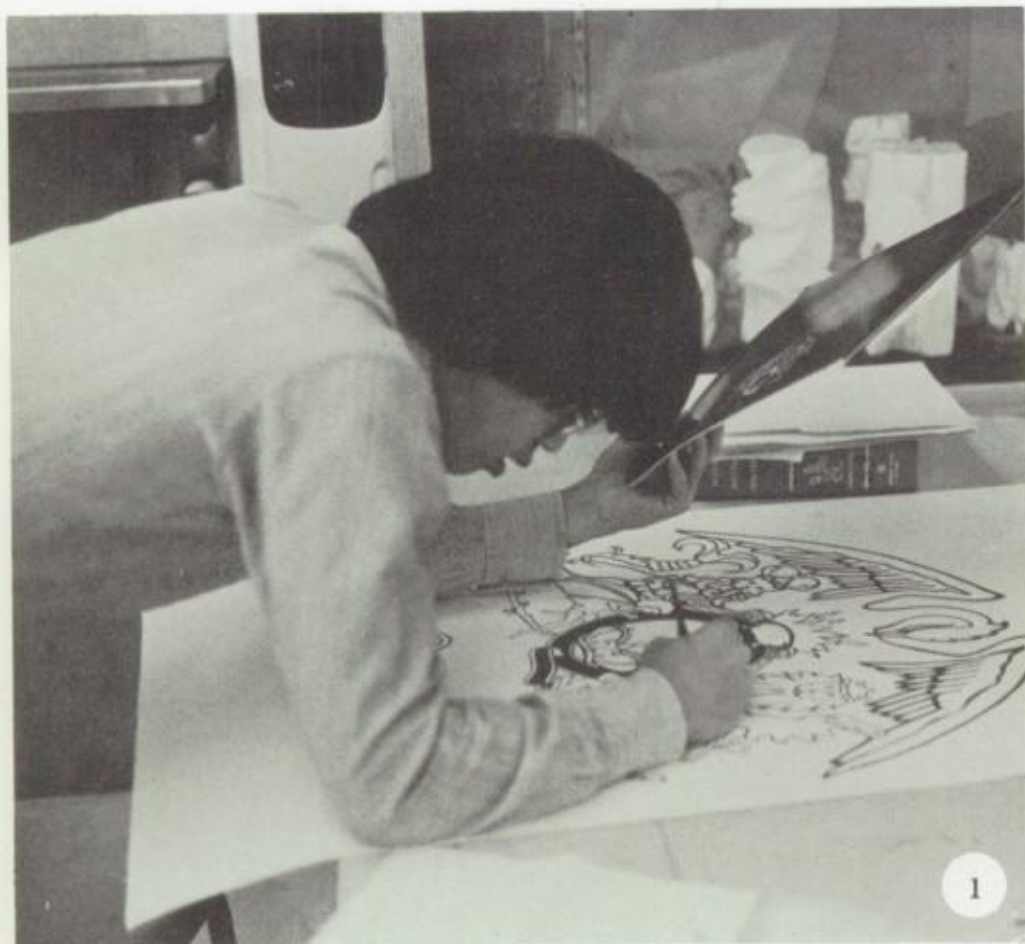

Photo by: Dwight Leung

There were a handful of seniors who treated visual creativity as a serious endeavor. Much of their work was carried on in the Senior Art Studio class. This class was offered to seniors who had previously exhibited advanced abilities in their work. Many of their drawings, paintings, ceramics, and crafts were on display in the counseling office and the library. Here are a few of the artists at work.

Backgammon Fever

Hit Crawford

Photo by: Dwight Leung

Photo by: Dwight Leung

Immediately following the Winter flu season, a new illness hit the Colts in epidemic proportions. It was labeled 'Backgammon Fever.' It affected students before school, after school, and especially during lunch. The sound of rolling dice, hushed clicks of backgammon chips, and occasional outbursts of emotion were symptoms of this new illness. The bug seems to have spread by way of the notable book *Backgammon For Blood*. At this writing, 'Backgammon Fever' is still going strong with no apparent cure in sight.

Four Students Ranked At

ANDREW KAHNG

Andrew's hobbies are cycling and playing tennis, bridge, and chess. He is a talented pianist and is extremely proud of having performed with the San Diego Symphony Orchestra in December of 1976. He feels that his greatest accomplishment was being one of 100 students in the nation selected to compete in the National High School Math Olympiad in which he placed within the top 20 odd participants. Andrew has his mind set on attending Harvard University where he will major in theoretical physics and/or biomedicine. He has been a member of the ASB Cabinet for the past two years and has won many awards from competition on the Math and Speech Teams. He is also a CSF Life Member, the Bank of America Plaque winner in Science and Mathematics, and a member of the Model U.N. The Senior Class selected Andrew as the person who is most likely to succeed in life.

JOAN GARTLEY

Joan can often be found listening to music, dancing, shopping, or going to the beach. The two things which she most enjoys doing are running and talking to friends. She also enjoys gymnastics, a sport in which she has earned two varsity letters. Joan plans on going to the beach and working full time this summer. She is uncertain as to which college she will attend and eventually would like to become a college English professor. She is President of the Auroras, a CSF Life member, and a member of several Senior Class committees. She was a Homecoming Princess and the Senior Stand Out in two categories — Best Personality and Most Considerate. Joan feels "extremely honored to be given the title of Valedictorian but it really upsets me that people who have come so close don't get the same recognition."

The Top With 4.0 GPA'S

REBECCA BROWN

Becky's main interest is music. Her talent, which includes playing both the oboe and piano in two orchestras, has won her a scholarship to San Diego State University. If music continues to hold her interest, she would like to transfer to Oberlin College in Ohio after one or two years at SDSU. In her spare time, Becky enjoys making oboe reeds and hassling her brother. She is an Aurora, a CSF Life Member, the CSF President, the Bank of America Certificate winner in music, and a member of the Math Team. Of academic success, Becky says, "I feel the way to do well in school is to find something interesting and you enjoy in every subject."

JON KAWAMOTO

Jon likes to sketch, play raquetball, and listen to Queen, Van Halen, Styx, and ELO. After spending much of his Summer at the beach, Jon plans to attend UCSD in the Fall and major in a physical science or engineering. He is a CSF Life Member and the Bank of America Certificate recipient in Art. Jon says "Being Valedictorian is nice, but I don't think it is really a big deal at all."

A Complete Summer Day

The summer's sun
Warmed our lives.
It's magic danced on each wave
Free, for our enjoyment.

Gulls overhead
Cried for attention.
Warm sand beneath our feet, and
Salty breezes played in our hair;
Remember the laughter?

Castles on the water's edge
Slowly melted back to sand.
Shells shifted with the tide,
Nature's perfect treasures.

The brilliance of the sunset shone
Over the water, just over the horizon:
A skyshow in heaven
Color, deep and warm.
Perfect every time.

Nightfall: rings of fire carefully contained.
The lazy mood of relaxation,
The roar of the sea
Behind friends conversation;
Warmth glowing on their faces.
What fun we had!

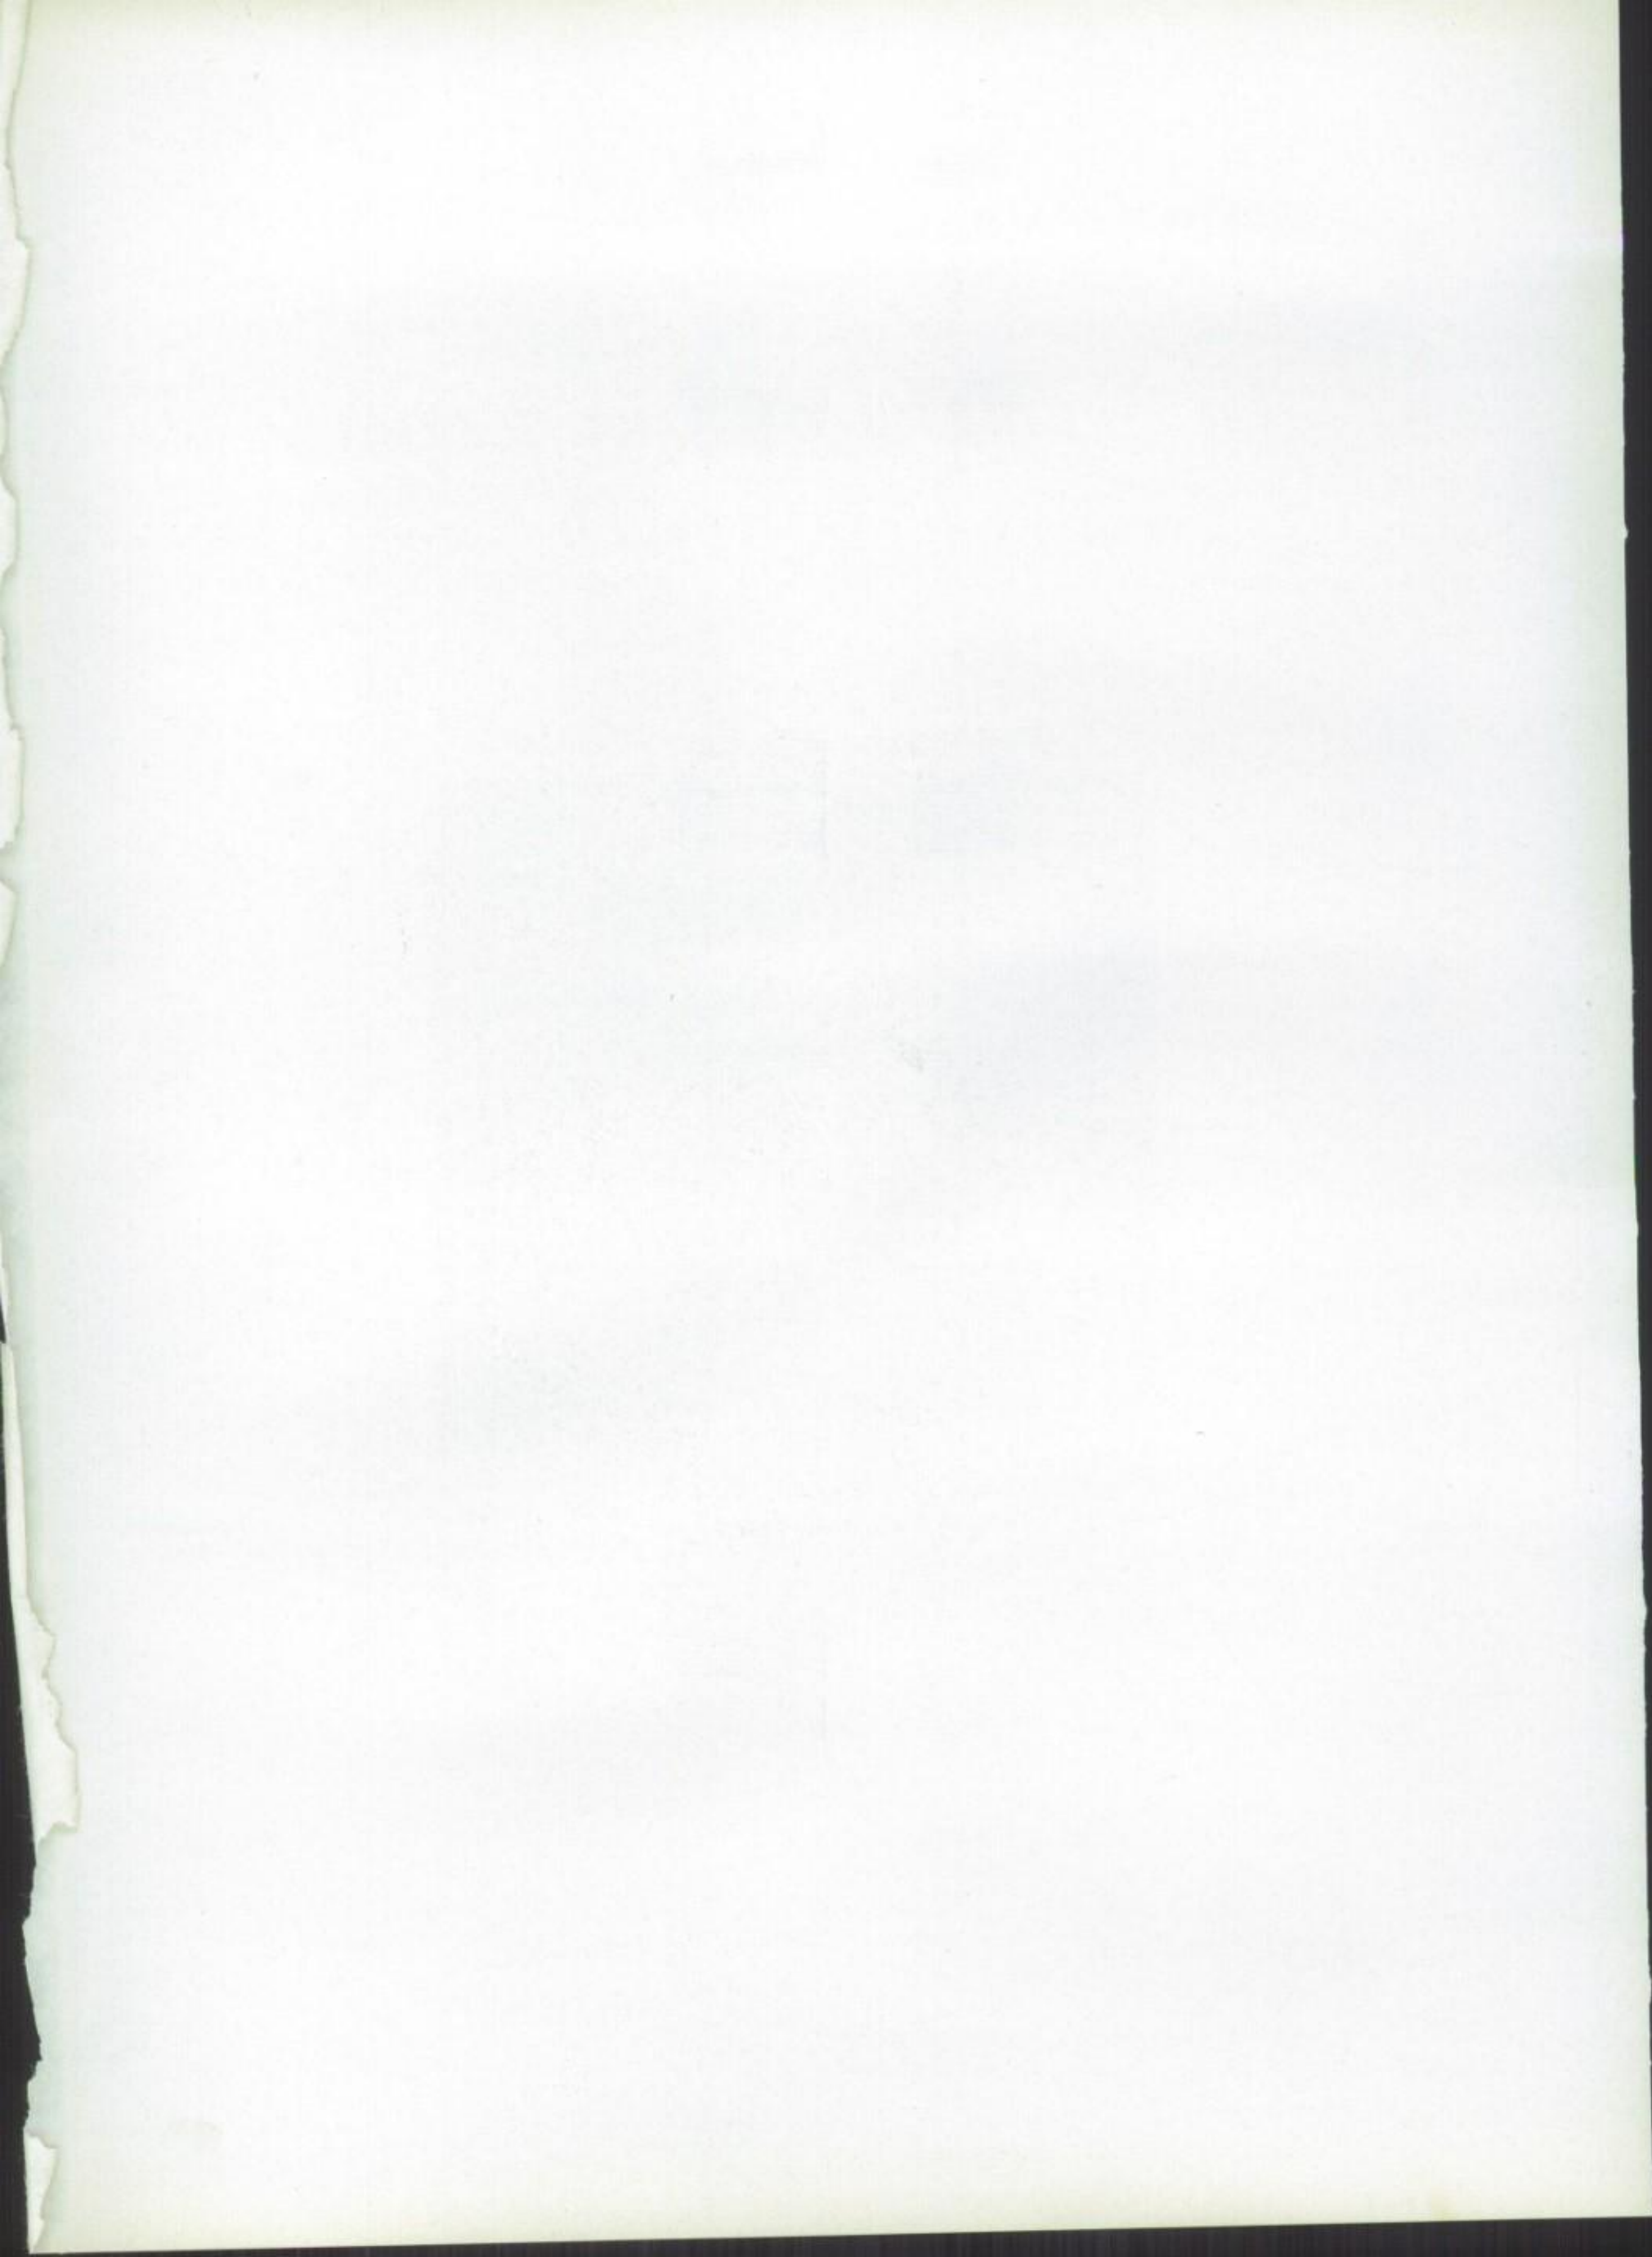

A walk along the shore.
The ocean called over and over,
Reached us with cool waters,
Erasing our trail.

Yes, a complete summer day
In a place where we always found magic.
Oh, we're happy here.
It's hard to think of being without the beach
But, it's that way with many things.

Helping Others Is What

Response to society's needs and a program aimed at preserving, protecting and enriching the quality of community life is the **Key Club's** new theme. They are a service club which helps around the school. **The Key Clubbers** ushered at school programs and they helped with semester registration. They also helped at the Rabies Clinic in Colina Park.

This is the first year that the **Key Club** has gone co-ed. Many Crawford girls joined the club.

"Ad successum vian adaperinus" toward success we seek the way. This is the motto of the **Auroras**. They were named after the Goddess of Dawn, Aurora. The **Auroras** is an honorary service club for senior girls. Their activities include selling Christmas cards and mistletoe during the Winter Holidays, serving pot luck dinners, helping out at the teachers' Christmas party and assisting at assemblies. The **Auroras** had a recognition luncheon for the Crawford staff that often go unnoticed such as the gardeners and the custodians.

Hard Work And

When fifty young people get together every day they have to be dedicated to their singing. Crawford's Choir begins each day by doing warm up drills to prepare their voices. Then they begin their serious business of learning new songs and keeping the old ones alive.

A love for singing is not only what it takes to become a Madrigal. Hard work and a lot of practicing are involved, but it does pay off. The Madrigals participated in the Southern California Jazz Festival and came in second place. They were invited to perform in competitive concerts in Hawaii during Easter Vacation.

Band Begins This Year

Up at eight o'clock practicing, the **Band** members still have a lot of fun as well as work! Laughter can be heard coming from the buses on the way to games and parades. This year **Crawford** had the honor of being invited to Magic Mountain to march in their parade. After they were finished, they were able to spend the rest of the day enjoying the amusement rides.

It takes talent to join the **Jazz Ensemble**. The purpose of the group is to prepare the students for careers as professional musicians. As one would expect the members are highly motivated. They have to be, because the music is challenging and technically difficult. The Jazz Festivals began in March. In past years, the Jazz Ensemble has received the highest possible ratings.

Marketing is a very competitive field. The Distributive Education Clubs of America (D.E.C.A.) enables members to get a headstart in the marketing field. The Members of this club must be enrolled in a marketing class and they help run the Student Store.

D.E.C.A. believes in competition for recognition. It sponsors two conventions at which the members compete in sales, human relations, cashiering, and communications.

Visiting local businesses and having speakers to learn more about home economics careers is what Home Economic Related Occupations (H.E.R.O.) is all about. This is a National, State and local organization open to any student who is interested in learning more about these occupations. Activities include service to the community and the school. The H.E.R.O. Club helped make the Flag Corps Uniforms. They attend regional and sub-regional state meetings to compete with other clubs in various activities. Officers are Chris Peralta, president; Sharon Hill, vice president; Karen Read, treasurer; Jackie Frye, secretary; Mrs. Fuller is the sponsor.

Providing a friendly atmosphere for the foreign exchange students is what A.F.S. tries to do. They have parties for each holiday such as a Christmas Party. 3 students went abroad this year: John Adkins went to Columbia; Lisa Shapiro went to Tawain and Bonnie McFarlane went to Brazil. Becoming a foreign exchange student is very difficult because you have to go through interviews and testing to make sure you will survive in a foreign country. This year's foreign exchange student is Christiane Pauls from Germany.

Job Training

Making beds, checking vital signs, and serving snacks are some of the responsibilities of the **Nurses Aids**. They work four days out of the week and on Fridays they go to class. The **Nurses Aids** work at **Del Capri Convalescent Home**.

One — two — three — step, turn — step, the **Jazz Dancers** choreograph their own steps to the rhythm of the music. The **Jazz Dancers** put on two shows, one for **Muir** and the other at **Crawford**.

Building, painting the scenery, and lighting are some of the responsibilities of the **Stage Crew**. They play a very important part in the drama productions.

Producing a television show is very difficult, as the members of **CCTV** found out. In the beginning of the year they learn how to use the TV cameras and then they learn what the actors and actresses have to do. Finally the members of **CCTV** produce their own shows.

Colts Shared A Common

A group of devoted bicyclists who enjoy riding on weekends and holidays composed the **Crawford Cycling Club**. Facing the elements, they pedaled around San Diego County to visit various points of interest.

Sking at Brian Head was the first trip the **Ski Club** took this year. They spent three days skiing. The beginners were able to take lessons to improve their ski skills.

"The fastest game on two feet" is lacrosse. Lacrosse is a physically demanding sport. The game is similiar to soccer and hockey with objectives of wide open play and scoring goals.

Lacrosse is the oldest American sport, having originated with the American Indians centuries ago. The sport was introduced to Crawford and other high schools in San Diego County in 1978 and the first high school lacrosse league was formed.

The future scientists of America are in Crawford's **Science Fair Club**. Each member must participate in the Science Fair to become a member of this club.

Colts Expressed Themselves

Many budding young artists join the **Art Club**. This is a club where they can show each other their masterpieces and receive encouragement from fellow **Crawford** artists.

U.K. and **Ethiopia** are the two countries that the **Model U.N.** is representing. One of the big events of the year is the three day session. First they go to a committee meeting and then they join together for General Assembly. Some of the topics they discuss are freedom, terrorism, and economic balance of the world.

The dedicated members of the **Math Team** got up at seven thirty in the morning to take math tests. Each person receives a score and the whole **Math Team** receives a cumulative score. The **Math Team** belongs to many other math clubs.

The **Speech Club** learned the importance of using clear enunciation in front of an audience. They speak in many contests during the year and always received the highest awards.

Students Formed Club

The promotion of racquetball is the purpose of the Racquetball Club. Each member plays another member and goes up and down the ladder according to whether he wins or loses.

Soccer is a fast growing sport. More youths participate in soccer than Pop Warner Football. "The Sockers," San Diego Professional Team, holds soccer clinics to teach the amateur players new methods. They came to Crawford last year to watch the soccer team play.

The German Club pioneered the Soccer group eleven years ago on a club basis. Mr. McAnear is the varsity coach and Mr. Malcolm, the junior varsity coach.

Skill, versatility, and endurance are some of the characteristics of the Lettermen. Their purpose is to assist and serve the Boys' Athletic Department.

The top 20 senior girls pointwise in sports are automatically in Our Gang Club. They earn points by participating in interscholastic competition. The maximum number of points a girl can earn with 75 percent attendance is 25. A scorekeeper can earn 15 points because she has to attend each game. This year each girl had to have 67 points.

The Willy Club encourages the interest in student government, democratic ideals, and interpersonal relations. All members of the Willy Club are in the A.S.B. Cabinet. They raise money by selling concessions.

The Varsity Cheerleaders Spirit

"Hey squad introduce yourselves! Right on! Hey squad . . ."

The Varsity Cheerleaders started this year by attending a Cheerleading Camp at San Diego State University. They received many awards for their spirit.

The Cheerleaders help keep the school spirit alive by attending all the games and having rallies on Fridays. They try to have a rally centering around each sport. Not only did they show school spirit, the Cheerleaders demonstrated community spirit by helping to raise money for such charities as the Jerry Lewis Muscular Dystrophy Telethon.

"Boy are we enthusiastic." We are feeling go-od. Boy are we enthusiastic . . .

The disappointment of not receiving their uniforms did not dampen the spirit of the Junior Varsity Cheerleaders. They worked together during the summer to raise money for their uniforms. They had carwashes and bakesales.

The Junior Varsity Cheerleaders had "hell week" during the summer. They came to school and practiced their cheers from eight o'clock to twelve o'clock to perfect their routines before

the games started.

The Junior Varsity Cheerleaders showed their spirit by attending all the games and participating in the Rallies.

The Flag Corp worked very hard to bring more spirit to Crawford. They performed at halftimes at the football games and participated in the Columbus Day Parade and the Mother Goose Parade.

This group of dedicated girls practices at seven-thirty in the morning to perfect their flag twirling.

Struggling to write interesting copy and hoping deadlines would never appear are some of the frustrations of the Centaur staff. This group of talented people tries to create a yearbook that appeals to each student and teacher at Crawford.

In keeping with the 1979 theme of San Diego, the staff has added more special effects. The Centaur staff earn the money by selling advertisements and candy.

Colts Played Good, Tough Games,

This season the Colts tackled hard, rushed fast, completed passes, and worked hard to perform these moves. Workouts seemed long and strenuous, but each player kept on striving. Despite the effort put forth by the coaching staff and the players, it was not enough to defeat their opponents in league play. However, many of the games were very exciting. Even though most of the games were played during the day, attendance was fairly good. The larger the number of students supporting our team the higher the spirits of the players, who already had no small amount of enthusiasm. No matter what the score was, the crowd was assured of the best game possible. Together the team learned and practiced the plays. When game time came, spirits rose and the team members joined as one unit to play the roughest game ever. Although many games were very close, the final scores were just short of pushing the Colts to victory.

J.V. Football Out To

Photo by Dwight Leung

Crawford's J.V. Football team finished the season with a fine record of 5 wins and 4 losses. The Colts began the Fall practice session with only 22 boys on the roster. Although the depth of the ballclub was poor, the quality of the athletes was excellent. Offensively Crawford's J.V. was led by the fine play at Quarterback **Bob Tomich**. Tomich ran and threw more than 10 touchdowns for the season. The offensive line was led by **Robbie Rea** at Quick Guard, Tackle **Steve Sandback**, and Center **Marvin Dupre**. The young man who showed tremendous potential at Running Back was **Jason Anderson**. Jason was Crawford's best back and had several gains of more than 100 yards rushing. At Wide Receiver, **Dwane Harmon** was outstanding. Harmon caught several touchdown passes and was also an excellent Defensive Back. The coaching staff was especially pleased with the desire, dedication and hard work of this year's J.V. Colts. Good Luck next year on the Varsity.

With a fabulous coach like **Dick Draz**, it is no wonder that this year's water polo teams proved to be as successful as they did. The Varsity team did surprisingly well with only **Steve Crisci** and **Jim Phillips** returning from last year's varsity. **Roby Partovich**, **Mike Hird**, and **Tom Cook** are just a few of the top scoring juniors playing varsity this year. Two sophomores joined the team this year **Lance Mendoza** and **Tom Ferran**, both excellent goalies. Varsity polo made it to C.I.F. playoffs this year and finished fifth to end the season. J.V. had an even more fantastic year going undefeated and becoming Eastern League champs. Sophomore **Doug Peabody** was voted most valuable player with a record of 79 goals this season, an award well-deserved. **Chris Hintz** and **Robert Fyfe** were two other key assets to the J.V. team. With a J.V. team like this year's, next year's varsity will surely be a winner!

Team Plunges Into The Season

Photo by Greg Kwik

Photo by Greg Kwik

Photo by Greg Kwik

Although many good swimmers had graduated, the team was the largest in size ever. This meant more spaces were filled and possibly more points could be scored. Because of the increase in members, the lanes became crowded and workouts were more difficult. To solve the problem, **Coach Behnke** decided to have morning workouts. Unfortunately, lack of participants enabled her to have only a few workouts in the morning. During afternoon workouts, tired bodies and clowning around kept the team alive and kicking. Despite the problems, each girl proved to be an outstanding swimmer in at least one stroke, some in many strokes. Together the girls formed one strong team.

Team spirit appeared to be very high, thanks to **Maggie Rubenstein**. No matter how cold it was or who was winning, she was always rooting for her team members. This year a team mascot was added, a stuffed duck named "Quack." A duck was chosen to represent how smoothly the swimmers swam. All in all, with enthusiasm, dedication, and spirit, the team had a successful season. With the remaining swimmers and the help of some new-comers, next year's season should have a very high-quality team.

Girls' Tennis Cried

Last year's annual commented on the Girls' Tennis team, "Wait till next year." Well they did, and it proved to be well worth it. The girls swept Eastern League 14-0 for the first time in 10 years. Among their wins were two against arch-rivals Patrick Henry and defending champs Clairemont. Their new-found success was due mainly to the rookies on the team, sophomores Deanna Loonin and Jennifer Chapin. They played one and two singles, followed by sisters Cindy and Mary Silva. The fifth singles position was exchanged over the year between senior Johanna Grawunder and junior Marsi Driefuss, and sophomores Laura Mintz. Doubles positions were filled by juniors Katy McDonald, Shellie Rucker, Maria Trompas, Aranka Fisher, and Lisa Slover, and by sophomores Becca Bernstein, Sue Rose, Diana Meyers, and Debbie Hom.

From the results of this year's competition, there is no doubt, that with the returning members from this year's team, next year will be just as successful. Thanks to all of the girls who put so much effort into making this year's victory possible for the Colts.

The Colts' volleyball team started the season with real enthusiasm and support from the student body. After all, the past years had been excellent for the Colts. The same was expected this year and indeed it happened. Again this year the Colts had a successful season. Although many good players had graduated, the returning players with the new players led the team to victory. With the help of Ms. Conologue and an assistant coach Angie Nava, a former student and Crawford graduate, both varsity and junior varsity played hard to place high in the League. The energetic varsity team placed third and the tough J.V. team placed second in League play. Both teams consisted of dedicated players. Looking ahead to next year, once again the Colts' volleyball team should place in League play. Many of the returning players appear to have good potential and should lead the Colts to victory.

Cross Country

Photo by: Greg Kwik

Photo by: Greg Kwik

Cross Country is a sport like other sports, in the sense that hard work and determination are needed. It differs from other sports because of the year round effort involved. To be fair at this sport one must train 7 hard days of the week. During the Cross Country season, the runners train on the weekday with the coach, and over the weekend on their own. Three days out of the week are usually set aside for long distance running, usually 6 to 12 miles. The other two days are for speed work-outs. With **Brian Faucette** as the only returning varsity runner from last year, the team managed to fare very well. The season began well enough, but petered off towards the middle, and the end was up in the air. The team came up with 3 wins and 4 losses, which put them 5th in Eastern League. The varsity went to C.I.F. playoffs and came back with a ninth place out of 22 other competitors — not bad at all.

Colts Used

This year the Colts had a good number of players turn out for the soccer team. However, not all of these players were boys. Once again there were girls on the team. The girls had to be very active and work extra hard in order to be able to compete right along side of the boys. The team had a high level of spirit and concentration. But most of all the team had a record of hard work. Every day the players were out on the field practicing their skills along with Coach McAnear and Coach Malcolm. The team had just about everything it took to make a winning team, except two things, experience and background. The team as a whole did not have as much experience or background as some of the other teams in our league. That is what hurt them in league play. Coach McAnear and Coach Malcolm produced a fast and strong team, but it wasn't fast or strong enough. The team looks good for next year, especially if the interest continues to be good and the turn-out of players continues to be of a high quality.

Colts Were Undefeated At Start

The Colts' Wrestling team started the season with four excellent wins over Hoover, Mission Bay, Kearny, and Clairemont. They also defeated Santana, the first victory ever in the Grossmont League. At the City Tournament, **David Dupre** and **Mark Lozinski** both wrestled outstanding matches and placed first in the city. **Doug Peabody** also did a good job and placed second in the city. All in all, the team as a whole placed third out of sixteen teams. The meet against Madison was considered to be one of the toughest matches this year. Once again, our mighty Colts got together and defeated them 44-20. Some of our varsity wrestlers who have put forth much effort are **David Dupre**, **Drake Escoffier**, **Merle Fogelman**, **Mark Lozinski**, **Ivan McGill**, and **Michael Steele**. We also have a good coaching staff consisting of **Coach Bill Hall** and **Assistant Coach Eddie Castro**. They gave the team all of the support and help possible. However, the team also received a great amount of support from the students. If this outstanding effort from all of the team members continues, wrestling's future will be extremely bright.

Field Hockey Drove For Victory

Photo by: Greg Kwik

Photo by: Steve Crisci

Although their game scores may not have shown it, the girls' Field Hockey teams held high expectations. Part of their problem was the lack of athletes. There were no extras. Many of the J.V. games had to be cancelled because J.V. players were needed to fill in for varsity players. The good of this will surely show in next year's varsity team. **Dana Hollings**, team captain and center half, kept team spirits high even in the grimmest situations. **René Nevarez**, **Lisa Jones**, and **Kari Alexander**, showed great talent, and really helped the new girls get a good start. All in all everyone bullied hard and drove well, but mud puddles and tough league teams were just unbeatable. With all the practice of this year, our team will be tough to beat next year.

Basketball Shot For A Winning

Photo by: Greg Kwik

In addition to last year's returning lettermen, were some outstanding new players on the basketball team. Both varsity and J.V. were looking forward to one of the best basketball seasons ever, quite possibly a berth in the Eastern League playoffs. As predicted, the season started off well, with close wins, such as the game against Hoover, (81-80). Not only were games good but tournaments as well. The team played Sweetwater, the number one school in the county, and came up only 5 points short of victory. During the Baron-Optomist tournament, the team made it all the way to the finals, but then fell to the competitors. "One of the biggest problems this season and in the past has been consistency." When we're playing up to our abilities, we're unstoppable, but we seldom do that," remarked team member David Rogow. This coming year will be a change for the Colt's, they will be moving into the Western League. Hopefully moving along with the team, will also be the confidence and determination needed to win. — Good Luck!

Rough Weather

The Girls' Softball team got off to a slow start this season due to rough weather. Even so, the girls' spirits were not dampened. Many practices had to be cancelled and many games had to be postponed. However, this misfortune happened to cover all of the teams in the league. Therefore, all teams got the same amount of actual practice. The team as a whole was very small in size. At times there were barely enough people to perform as a team. But when they did perform they appeared to be a strong team despite their size. The girls along with Ms. Lozier and Ms. Gray seemed to possess the skills it took to play a good game. Unfortunately, it was not enough in league play. Hopefully, interest will increase and there will be a better turn out for next year. There will be many experienced players returning such as Jaime Bradley, Tina Dambrose, Sue Farmer, Missie Goldstein, Suzie Jackson, and Cathy Sneed. Over all, the quality of the team continues to improve and we are optimistic about the future.

Was A Hit

The varsity baseball team, striving for possible contention in the Eastern League, worked hard to achieve this goal with a young team consisting of only five returning lettermen. The early part of the season was hampered by many rainy days, making the Colts work twice as hard to make up the lost hours of practice. During these practice sessions, the team improved their throwing, batting, fielding, and running skills. The hard work paid off with impressive wins over Santana, Saints, and Mission Bay. The team performed under the leadership of Coach Jerry Tooze, who set very high standards. The Colts looked at Eastern League as a real test of their skills.

The junior varsity baseball team also met the problems of the rainy weather. However, the outcome was tremendous with excellent wins over La Jolla, Saints, Grossmont, and Kearny. A few of the outstanding players are the following: John Bulcao, Michael Allen, John Valade, Steve Sandback, and Mark Leimbach. The team perfected their timing and skills under the leadership of Coach John Holmgren. As far as the Crawford Colts are concerned there is a bright future for baseball.

Beamed With Pride

Photo by: Dwight Leung

Even at the beginning, Crawford's gymnasts realized that necessity of total team effort to insure a winning year. Training for each of the twelve meets required a tremendous amount of enthusiasm, combined with strenuous routine and practice. The spirited Colts were optimistic about a potentially successful season.

Though the gymnastic team had some experienced performers, the odds were not in their favor. Because of the loss of many talented individuals the team had to rely heavily on sophomores and juniors.

Although competition was stiff the group displayed strength. In early season meets the Colts' gymnastic team defeated San Diego High and had a triumphant victory over Madison High, a team that defeated the Colts by less than one-half point in earlier competition.

Under the new leadership of Noreen Cicchetto and Laura Wells the team was sure to show promise.

Gymnastics is composed of four events; balance beam, uneven parallel bars, floor exercises, and vault. All events require strength, skill, balance, and timing. Crawford's gymnasts worked hard to perfect this combination and to perform with skill, ease, and pride.

The Colts' gymnastic team proved to be tough, and each member left 1979 with well deserved satisfaction and a positive outlook for the future.

Boys' Swimming

Photo by: Steve Crisci

As in the past, the boys' swim team again brought home with them many proud victories. They even hoped again for the CIF crown. Top swimmers and captains of the team Jim Phillips and Steve Crisci provided good times, but also the encouragement and enthusiasm needed for a winning team. Also a sophomore named Lambird Hawk surprised everyone his first year out. The team this year is young, so most of the members will return to swim next year. We will be looking forward to the upcoming season.

The diving team dove into the season right along side of the boys' swim team. The divers had long hours of practice at JCC and showed sincere effort to perform near perfect dives during competition. In league play the Colts hoped to make a big splash.

The golf team was plagued by rain. For the first couple of weeks into the season many matches and practices had to be postponed due to puddled greens. It was impossible to know whether or not a match would be played except on a day to day basis. Fortunately, this only lasted for a short while. As the sun began to shine so did the enthusiasm of the golfers. Kevin McCully and Todd McCully, two returning golfers, were able to set a good example for the new members. The team, under the leadership of Coach Bill Hall showed tremendous skill and technique, especially during league play. Together, they hoped to drive toward the championship.

Eastern League Playoffs

This year's Girls' Basketball team dedicated numerous hours of hard work at practices, in hopes of pulling themselves to the top in league play. Along with a new team also came a new coaching staff. Coach Sams, Coach King and Coach Thudium all worked hard with the girls, trying to build a winning team. The girls came away from their first three league games a little disappointed having lost. This did not stop them because in their next game they walked away with an easy victory against San Diego. They had hoped to beat Kearny and Morse which would have left them at a 3 and 3 standing by the spring break. All in all every girl put out her best to make C.H.S. proud.

This year's netman proved to be a smash. The determination and extraordinary ability brought this year's team to a pleasing final position in league play. Top man on the team David Bushnell set a fine example for the others to follow. Ricky Barsky, Marvin Titus, and Tony Hoang also provided the team with a lot of encouragement and well played matches to boost the team to victory. The Junior Varsity team this year also met their opponents head on. Coach Sams worked all the men hard, but all the effort put out proved to be well worth it. Next year the teams will face new competitors in the Western League. It will be tougher competition but they are all looking forward to it.

Starting early in the season, the 1979 Boys' track team began working out in preparation for their upcoming events. Strong support was encouraged by last year's returning lettermen, such as Steve Brown, Frank McFadden, Kerry Cooper, and Steve Hommel, running this season's relay; and with Brian Faucette, David Perkins, and Jack Cohen, being just a few competing in this year's 1 and 2 mile races. Coach Nelson, as always suspected a successful year for the team, and as in the past the team really put out. There were in addition to the returning Lettermen, many new and devoted young athletes this year. The profits from this will probably be more beneficial in upcoming years. But in the meantime, Coach Nelson, and Coach Malcolm have a team to be very proud of.

The girls' track team started on the right foot with many experienced members, two outstanding coaches, and a lot of enthusiasm. This enthusiasm was shown by the girls as they displayed their various talents on the field. These talents were not only shown at the meets but at workouts as well. Workouts were long and hard but worth it and the girls seemed to prove it without a doubt. The girls could not have done it alone without the help from their coaches, Nelson and Donnelly. These two people took pride in the team and its ability to want to win. One important factor while running a race is endurance because it keeps you going. Many of the girls appeared to have a very high level of endurance which will enable them to run toward a CIF victory.

Faculty

Did you ever stop to think about Crawford's faculty? You saw them day-in and day-out, but did you really know them? Did you ever look to see if they were people instead of teachers and administrators or talk to them as friends rather than adults? You may find the results astonishing.

Perhaps, the generation gap is closing. In fact, some say it has never existed. Still, there always seems to be an awkward space that separates faculty and students.

Crawford is beginning to eliminate this gap with a group of specialists that tackle the problems that arise, every year. This group is comprised of various administrators who are extremely qualified and capable. They make up an important part of the whole system which is concerned about the students' needs and interests. Directing this group is a principal, that is an inspiration to teacher and student alike. He is a leader at Crawford in title and personality and is always quick with a helping hand or a warm and cheerful "hello."

Crawford is also fortunate to maintain a staff of individuals who are constantly begging you to show effort and study, when you are ready to abandon the entire idea . . . TEACHERS! (Have you ever stopped to realize that they study as much as you do?) Teaching is a word for the creative. It is a profession that requires imagination with the realization that another's life may be affected. Teaching is the full time responsibility to be interesting, understanding, and human.

At the end of the school year, have you ever looked back and decided that it wasn't such a bad year, after all?

Student-Teacher relationships make a classroom. When a teacher has good rapport with the students, the students know that the teacher cares more about them as individuals. Of course, there will always be the teachers who are just doing their jobs — and the students who aren't. It's the student who achieves or the teacher who takes the time to listen that makes it all worthwhile. This is what helps the environment at Crawford to be a warmer place.

Students and teachers can survive together but both must make an effort to understand the ideals and goals of one another.

The generation gap will become narrower with cooperation and care from both the students and the faculty.

Being the best, working the hardest, and achieving the most is a Crawford tradition because the individuals at Crawford have the ability to work together as a team.

Did you ever stop to think about Crawford's faculty?

Did you really know them?

Did you ever take the time to discover a terrific individual?

You may find the results astonishing.

Keith,

That poem really means alot
when you think about it, doesn't it?
This year has been off and on for
us, hasn't it? Fortunately right now
it's on. I'm sorry for all the times
I've been mad at you but they
are forgotten easily when you
remember all the good times we
had! I can't name them all but all
of those parties! Keith I really like you
alot! You are a very nice person to
be with and talk to! I am very happy
and honored to ~~be~~^{have} able to get to know
you so well during this year. Next year
we can get ~~even~~^{even} closer, I hope, and this
summer we should do stuff together.
I just want to say Thank you for
being the person you are, (and I want
to thank your parents for having you)
Love Leslie

At the end of the school year,
have you ever looked back and decided
that it wasn't such a bad year
after all . . . ?

To all my friends —

How can I thank all of you for beautiful memories which I'll never forget and for everything which you've given to me? The years will pass and there are some of you who I may never see again. But for the three years or more which we've shared together, you've enriched my life completely and taught me what books could never teach. And to thank a person for all of that . . . there are only three words which will do. I love you.

"Our differences made us fight . . . we asked ourselves — why . . . we were protecting a very precious right . . . to care." All those crazy times: Brazil — where the nuts come from, a canine named Trouble, rear view mirrors, elephants that come in quarts, Kentucky Fried Movie, untied shoelaces, dying in the parking lot, nuts and cherries at Farrels, state library, a quarterback on a pitcher's mound, Sam, your trusty brush, talks after spaghetti dinners, ping-pong, One on One, pit stops before every movie, getting busted, state pool, carnations, rainy days, toenails that never stop coming off, and my "M." Who's to say I was right or wrong in the things I did? I needed to be me — you let me, I needed to be loved — you loved me, I needed too much — and you got hurt . . . I'm sorry . . . This I know — I'm proud of you, I love you, and I always will. Take care, be happy, and when you're happily married, or when you're so filthy rich that thousand dollar bills start coming out of your ears, or when you just want to have a good laugh take this out and start reading it. I know I'll never forget all those crazy times. People, hopes, and more crazy times I'll never forget: Joany's first tardy, Shap's secret mission (the green M & M), Tim and Eli parties, Dana's costume party, Meglet, Cheryl and I in Chemistry, FeFe's jokes, DEP, Wendy's 10th grade thrilling weekends, teachers' strikes, my first bouquet of roses, Mrs. Martin's lambies, Wagner's goose-step, SAT testing, Louie, Mrs. Donnelly's, Olgas two minute warning, Keri's July 15th party, Kleene Weenee, Catalina, Locke and Rousseau, Paul Newman, Fundi, Goldas flea infested fin pits, Coach Holmgren and psych class, Robespierre, cancellation hearts, Hold it down Kar, Nanimoli, Lips, short people, the Feenee Bros., Johnny Applesseed, Lisopoo Greenwoodbird, being treasurer, Mr. Juel's stories, Christiana, Bones, Chile, so close but yet so far — anymore doubting Thomas? juxtaposition, football games, go for it, skiing, drivers' licenses, Eli's Elegy, I'm proud of you Andrew, braces, I love you Lisa G., if there's anyone i'd like to have as a sister it would be you — Robin, SWAT, big Joe, Frank's smile, Linda, Cathy, Keri's over reacting crazy sweet self, Lisa's prelude, Karen and her understanding of jokes?, Mary, Snow Valley, Daddy D., ASB camping trip, bubblebaths, graduation, being Seniors!, being me, Aurora's, hey big Trace, A/P writing, Dodge Colts, Donny and Joan, David K., all the guys in English, Mrs. Cox, Disneyland, birthdays, being in love with someone and not being able to show it, high school and being able to say I love you to all my friends and meaning it! REMINISCING . . . the many times that we had together will always be special, and the friendships I've found, I will always cherish . . .
 . . . thanks for (the summer of '78, dinner at D. Land, the Ace, information parties, etc. etc. etc. . . .), but mostly thanks for always making me so welcome . . . Huck (bet, good friends, boy, you grub, pucechh!), V.S. (TOGA!), J.T. (do you wanna dance?), Ch. W (we're the last of the loc's), D.M. (keep smiling), Pablo mem'ries of Square Pan and Break-out), Regg (hope every 7th and 17th is terrific), M.F. (just plain really crazy . . . and wild?), L.J. (and all along you were a senior), D.H. (you're funny and really great), M.L. painting, and fire extinguishers), Lopez (surfer???) . . .
 . . . to K.D., W.T., L.F., M.S., J.G., L.G., L.S. . . . (talks about boys, birthday parties, church), I'll never forget you . . .
 . . . to J.J. (5th, 6th, 7th, 8th), thanks . . .
 . . . to T.G. and R.C. . . . do you reason that (the summer, beach, driving, arguments, laughing, 3 a.m., desert, Mark's van) was all worth it?, I do (friends) . . .
 . . . Centaur was great. The good times outnumbered the bad . . . Brew, you're tops! (didn't ever find a school B. friend, too bad! I'll wait here), remember me . . . "bright eyes" . . .
 . . . (someones knocking at the window, get back!!!, I like tennis, heck-yah, it's 1:30 in the morning, REVENGE, my volkswagon does) . . . Bradly, all the crazy times and our talks have meant alot to me, I'm glad we're friends . . .
 . . . Steve S. (31 flavors, pool, San Rafael, my high school "sweety," lots of mem'ries and good times), you will forever be special to me . . .
 . . . Joe W. (hoopster, brother, friend, shoulder, etc. etc. etc. . . .) you are the one person I will always look up to, and not 'cause you're 6'5" . . . (maybe tomorrow, L.L.Y.) . . .
 . . . remember (May Co., dancing, problems with the tiresome two some, I've driven in worse, maybe not, Mork breaks), . . . Toni I., you're super fun and a super friend . . .
 . . . Martha S. . . . who can count . . . (school buddies, can you get out, the alley, no effect yet, laughing, trying, I like . . . and . . . and . . . "totally," let's cruise, on the other side, okay?, lunch, before B.B., after B.B., you're a good hostess, Herb can play tennis too, let's get to know them) . . . I'm glad I know you, I always thought we would be close, I'm glad I was right . . .
 . . . Bona S. . . . we go back a long time (all the planned parties, moving, summers, backyard camping, clothes, accidents, driving, fainting, doctors, sisters, only closer, U.C.L.A., etc. . . .) You're my favorite. I know I've already said it all before, thank for always being around and for always being the person to always stand by when I needed someone . . . BEST friends forever . . .
 . . . Craig W. . . . when I think back I can only remember all the special times we've shared. It's difficult to write down my feelings on paper, but you know what I want to say. Thank for helping me grow as a person and helping me understand myself better . . . to the max, always and forever, I love you . . .
 . . . Gina.

Keith —
Good times! That's the only 2 words I
can ~~describe~~ say that really describe all the madness
this year. Remember the Ace way back in October. "Gang
Bang"! That was fun. or all the dances. "The worm."
There's much more but I don't feel like putting it all
down. Olga and Rogers. (Heavy Sigh) It's definately been
leat! I know I'll see ya around so take it easy
and have a good summer.
Much Love,
Tisanne

Sher Bear and Shirl — You're both my oldest and dearest friends: Our times with Herb, behind Bubble Machine, raiding the backyard and refrigerator, quick-dry in the toaster oven, going in scenes, "there's a parrot on your head!" Shirl . . . let's not go to school today, hummer — the attendance office again, "Duh, which way did he go George?", another car accident?, after school at Abdul's, checking out sunsets on your moped. Sher . . . I still have your rebus tails, Santee seems like a long time ago, skateboarding, we were little surfer chicks, congratulations — you're a Queen. Hey, how'd I get the name "Barf?" You know if you need me, I'll always be there.

Gina and Rona — I can't even believe how much we've done together: "Let's party," school dances, Square Pan after B-ball games, my party was a trip, but I really am a good hostess, no comment on the slumber parties. Rona . . . someday you'll be a great cook, Tower 2 was casual, New Year's Eve partying, you've added a lot to my life. Gina . . . getting to know the group and the lingo, going out for Basketball, making Centaur, let's not rewrite sci fi stories or anything, Herb and Animal House, "are we on the right side of the road?", matching me with C.B., chasing buses to L.A., being chased through B.S. allies by S.S., R.C. and T.C., V. and O.J. with R.S. at Monty Python, T.P.ing B.C.'s V.W., dinner at Disneyland with J.C., C.W., T.I. and L.M., P.H. and P.A.. You're my most special friends and always we'll party, party, party. . . Heck Yeah!

D.R. — What can I say? Teaching me B-ball, clearing things up at Spaghetti Factory, slap fights, casing on each other, you were always there to listen. You're a special friend . . . Thanx.

F.M. — No more swats, O.K.? Driving in neutral is fine with me. Hey Frank, what's that? School dances, running out of gas, I'll think of you "In September."

Toni — Centaur was a hassle, but lots of fun. Dinner at Disneyland, dancing at Stratus, I'm still in the mood, are my eyes sparkling?, eating at Square Pan, "where does everyone go after the games?", you're about slow — I finished my second and you're still on your first.

Hey Dwit — You're the greatest photographer I know, I couldn't have done it without you. Long live boring classes — J2, Adv. Chem., Mafia History 1-2. Someday teach me your magic tricks. Don't say you can't dance, I won't say I'm a Black Belt. Thanx Dwight . . . Just for the record I spelled it right (and rhymed!)

Joe Huck — Picking ourselves up off the floor . . . Disneyland, the ASB Ball, you're totally fun to be with.

L.M. — Summer of '78 was great, Thanx for the memories.

J.W. — You're someone very special . . . I love you.

S.S. — Let's be friends forever . . . Good luck in everything you do.

Congratulations to the CENTAUR Staff — I guess we did it. Shelley . . . I'm glad I didn't have your job, Thanx a lot for all the help. Hey Cool Brew . . . you wait for me here, O.K.?

Cory — Where do I begin? We've shared so much. Remember: Meetings after Farrel's, Pat's Party (July 22!), major and minor foo-foos, Doo-doo bear, Nov. 10, A.S.B. Ball, all the concerts, movies, dances, the green light, snip, doo-doo-doo-doo, "don't get snitly." I know we'll both make it big someday. You're poems and music are great and mean so much to me. Thank you for everything. You've taught me so much — but most importantly — how to love someone. I love you and I always will.
Wendy

It's hard trying to say Good-Bye to so many friends. I guess it's not really Good-Bye because I know I'll see you again but I'll miss you all so much. Mo, Stevie, Lisa and Green M & M's, Joanie Poofoo, Meglet, Lisa Poo Greenwood, Bird face, Eric, Cory, Wendy and most of all you sunshine, i love you . . . "me too."
Best of luck guys.

Love always,

Keri Tush

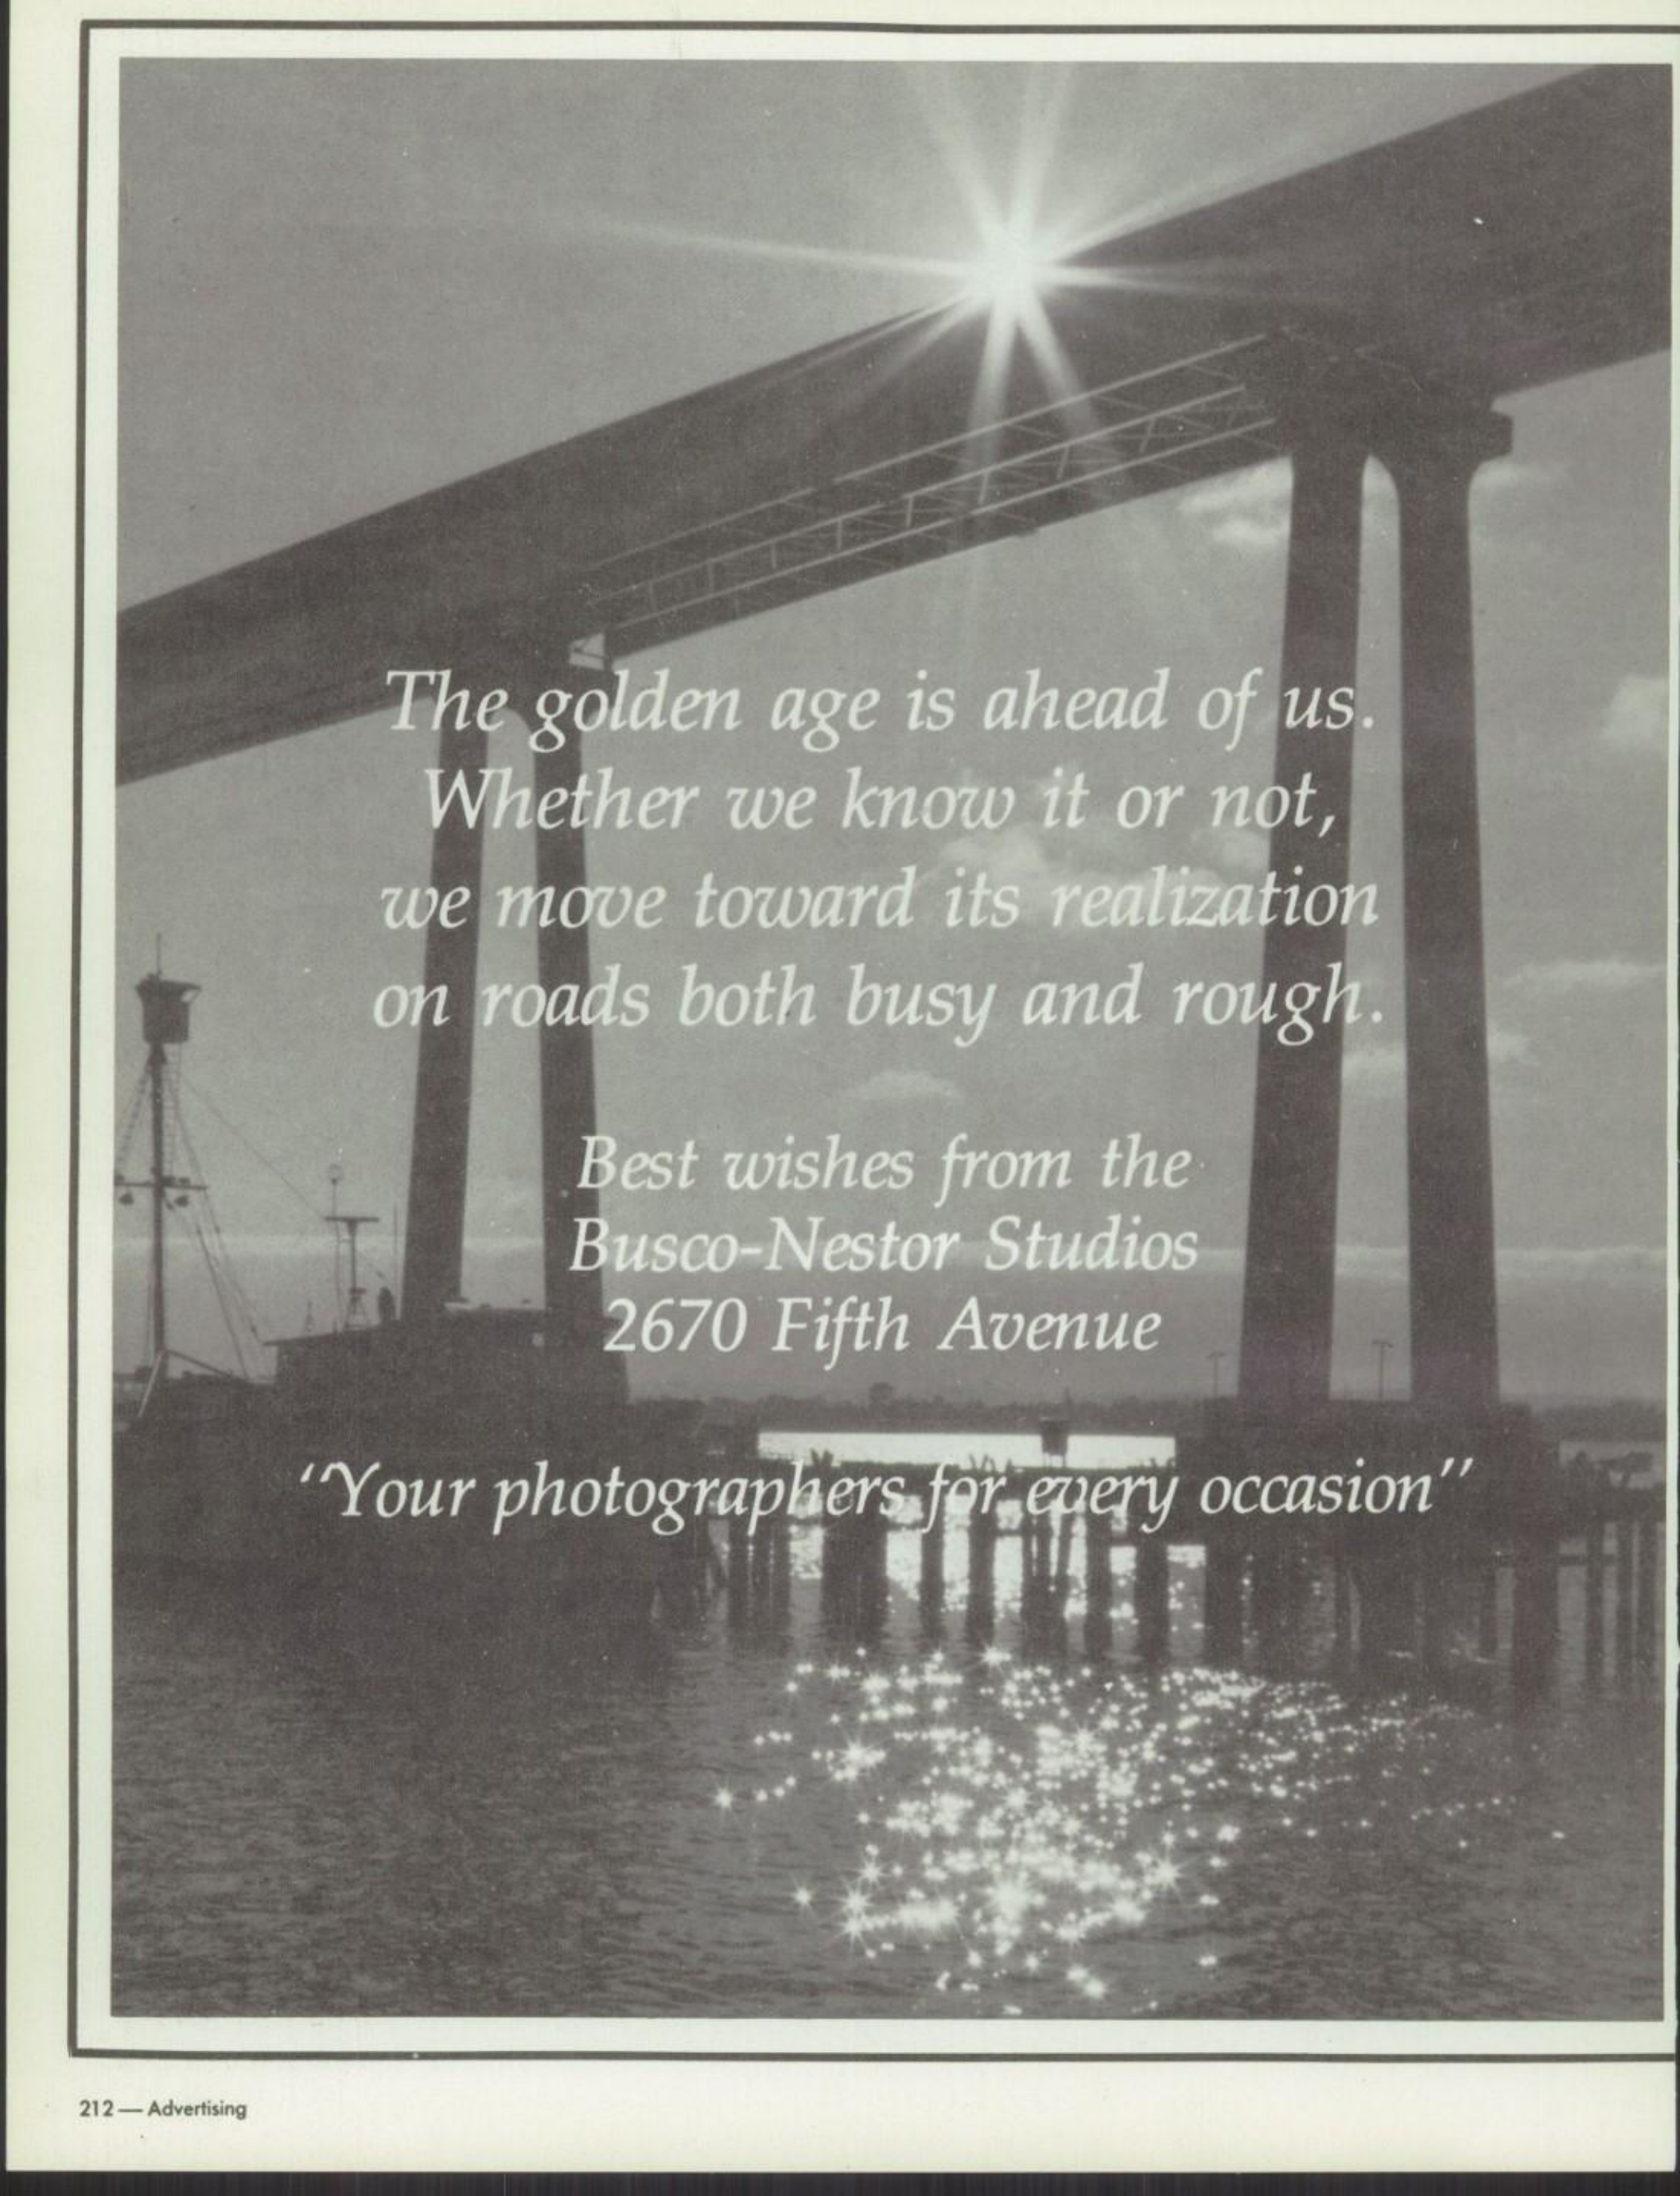

Dana: Good times (and bad), the good times were great. I'll always remember — D.H., M.L., and L.J. thanks for making me so welcome, crusin', surfin' with "bro," higher and higher, Tony Jr., wanna move in? Hey "gir" — I Love Ya * Lisa: Thanks for being such a special person. Remember . . . lunches in the quad, learning to drive, going to tyland, fugly, MS. FUL-LEER, we're a merry-go-round. * Missie: swim practice, quack, cool hats, dancing, that's my chair, sniff, partyin', only one more year, best wishes. * Martha: the dance . . . what dance?, basketball games, dancing by yourself, Centaur, lunch with M.S., T.R., S.W., and D.L., take care. * Gina and Craig: two very understanding people, a good couple, beach parties, May Co., Disneyland, thanks for all the help. * Dwight: You made this book what it is, Dwit or Dwid?, running together, a yellow carnation, gymnastics, take it easy. * Wendall: thanks for helping me understand, let's dance, playin' fushall and just plain partyin'. You're a good friend — stay close. * Joe: You're a good listener, goin' surfing, HUCK — I'll hang around with you. * Larry: We've been together since way back when. It all started with dinner at Julios, math homework, weekends in the desert, the river, the "gang" (L.M., W.S., and J.C.), good times together, jealousy, caring and sharing, the volks, the falcon, the cyclone, and the weed-hopper, learning to surf, LOPEZ (the side of you I never really got to know), Happy Birthday, sometimes I never wanted to see you again but you were always there. I learned a lot — thank you. I am me and you are you, we shall go our own way. If by chance we find each other, it will be beautiful once again. I Love You — Toni

"Genghis" — "Android" — "Hoy-Ping" — "Turkey" — "(Little) Bug" — "King." Well, my three years are finally over!!! 10th grade, sitting in 806 six hours a day, BSing with a bunch of vapid IS seniors, learning how to unlock the IS cabinet, making calls on Mr. Wright's locked phone, playing poker all day, in French, wherever, handball in PEW'S chem class, nothing much in general, running for ASB "because it looks good on my transcript," winning (ha), 11th, going to two classes a day, "om-dee-pockety," TR6, doing nothing in ASB, Biology two weeks a semester (thanks for the 'A', Mr. W.), three-day sci-fair project, 227 PSAT, football and frisbee during lunch, "but I was on the absence list, teacher, all the time, etc. 12th, frisbee during registration, ASB Comm. of Finance (what a JOKE!), not being in Mads, bugging teachers for recommendations (thanks, Mr. W., Mr. W., Mr. W., and Mrs. D and RAO), standard everyday waste of time . . . It's been fun, playing piano, chess, whatever else, math and speech teams, other things. But, fellow grads, here we go off into the wide-open competitive world out yonder, supposedly adequately prepared to meet with success . . . all of a sudden, we are losing our shelter of the past three years . . . good-bye and good luck . . . It's been great knowing everybody — it's been sad seing friends graduate in past years past, and it's sad seeing friends go off this year . . . I wish you all success. 'Til we meet again,

Keith,

I to live
a great year, even
if you don't think every-
thing is the best! Have fun
at whatever you do, and keep
in touch, come over this sum-
mer (especially around July 5-19, when
I am home alone.) Stay the way
you are, cuz if you don't, you won't
be the Keith, I will always re-
member! I stay bimby, Joe

Love Always,
Mimi
:

P.S. Better
see you this
summer!

Keith,

I think writing in your annual is going to be harder for me than writing in anyone else's. I don't know why, I guess it's because, there is no one who is as special to me as you are, in your own way. This year has been both very happy and very sad. I have tried to be there for you if you needed me in both instances. I hope it has been helpful for you. It's so strange we have known each other since Hardy. I remember having a "crush" on you in 6th grade, throughout the years it has grown into a real love, because you are so special. There have been days where I have said to myself, what a brat, how do I put up with him, I know how I put up with you. I can never stay mad at you, and believe me, have I tried hard! Keith, I have tried my very hardest and I will never stop trying to be the kind of friend you need and want me to be. You have showed me that I can be your friend, by just calling to talk or if you need any help, please never stop doing that. I know that when Louis was killed it was a very sad and difficult experience for you to go through, it hurt me even more to think I could've lost you too. Keith, please never stop being my friend, never stop being someone I can count on if I need help or someone to talk to. We have had lots of good times together, although Disneyland + Magic Mountain are in the past, I will never forget them, and although things are different now, I hope we can always be very close and very special friends. Stay the way you are because that's the Keith I love and always will! I am sure I will see you lots this summer, call if you ever want to come swimming, ok. Oh, by the way, when are we going to Acapulco??

Love you always,

Nanette

P.S.

It's been fun sharing lockers with ya, ~~if~~ even if it was never neat!

A Simple San Diego Summer

Photo by: Dwight Leung

Photo by: Dwight Leung

Keith,
The picture below
~~should~~ will be an
example of where we'll be
most of the summer. We also should
be going to a lot of parties.
Thanks to you have given
up that hard stuff. Remember our
ski trips. Sorry about your eye.
Friends always,
Bob

A New Path In Sight

As the 1979 school year comes to a close, that summer time feeling begins to take hold of Crawford students. Another beautiful San Diego summer promises fun and excitement for many.

However, the sadness of leaving favorite teachers and special friends is present. The graduating seniors feel an emptiness, a sense of loss. Yet, just ahead this void will be filled with college for some and new careers for others. Whatever path is pursued, fond memories of Crawford High School will remain forever.

All hail Crawford High School,
Crimson, white and blue
Loyalty and honor,
We will pledge to you.
Our banner's always waving,
Crowned with victory.
All hail Crawford High School,
We will be true to thee.

Heith,
So, what can
I say. You seem
to really have a
good head on your
shoulders, when you
feel I like using it -
but I can relate to
that we couldn't just
have some heavy conversation
around us.
There's a next year - to catch
up on missed friendships,
Besides now I'll be
at all those football
games - yeah! I'm
I don't know about you,
but I'm planning on senior
year. beware of the easy,
outward core soc's (you can handle).
For sure we'll
have some to play ball
or racketball!
something!
Liz

Well Keith,
 lets been fun!
 yes, you can thank me
 later for waiting in line with
 you. Don't thank me now!
 we have known you for almost
 2 years. Believe it or not (just kidding)
 these 2 years have really been the best.
 May Keith, maybe this summer we can
 get together & do something totally socially unex-
 pected. Take Care! Love, Heather

 Keith,

Shiffin -

This year has been very eventful. We've made lots of good friends ☺ and lost a good one, too. ☹ That accident was probably one of the most tragic experiences of our lives but there is a lot we can learn from it. It is just too bad that the lesson was so expensive.

I've really enjoyed sitting in front of you in English. It gave us a chance to get to know each other better. Remember Katie's celebration & Pamela's and Mike's ~~the~~ showing us the 'how' photo afterwards. This summer we really will go jaccussupping (or however you spell it.)

I hope you play La Cross again next year because I really enjoy watching you do something you're so good at.

I'll always think of you as one of my best buddies from CHS. We better do something this summer.

Keep in touch & see ya at Towns 2!!
See always,
Wendi

Shif,
Friends will always be friends. I wish that I could say a lot of words to you about that we did. But, what's the use. We had so many good times together that I wouldn't ~~see~~ know or try to remember or even the next time I see you (that's when I return from the Air Force). Stay healthy.
Your friend
Tam ("Crazy Canadian")
